- Thank You for letting Dr. Xiaaj give the whole part 3 talks. Especially because the introductions of the Uniite committee took part of her time
- Very well done!
- Dr. Yang was great
- Ask participants to move up front in auditorium. I liked the music and dance. I wanted to know about traditions and practices
- Bring after students out with DVD to community groups
- Thank You
- i have been to all of these sessions. Dr. Xiaaj gave the best presentation of health implications of the culture. Best role play in this session too.
- I recall attending a mtg facilitated by Malcolm about 5 years ago(?) at newman when UNIITE was a "dream". I have attended many meetings in the community since then and appreciate all this

organization has done. It is absolutely wonderful - a gift to this community - I wish even more people were aware of UNIITE. It remains a well kept event even yet
